

Szrek2Solutions

LudWin Group and Szrek2Solutions sign a sales agency and promotion agreement – Paris, October 3rd, 2007 : LudWin Group (www.ludwingroup.com) has entered into an agreement to promote and market Szrek2Solutions' (www.szrek.com) products and services.

For Christophe Caye, LudWin Group's Managing Director, « Szrek2Solutions brings depth to our technology offering with their innovative secure software and systems solutions. Their electronic winning numbers draw systems (Trusted Draw™) complement our existing mechanical draw equipment and their random number generator (RNG) server systems (Trusted Play™) extend it into the new interactive channels. We are now capable of supplying any type of RNG and drawing requirements with the most secure, innovative and auditable solutions. Last, Walter and Irena Szrek bring a wealth of experience and knowledge and we are proud to be associated with them. »

For Irena Szrek, S2S's General Manger, "LudWin Group offer to us wide range of contacts in the world gaming market, excellent marketing and sales force, with understanding of lottery products and clients needs, with many years of experience and depth of lottery knowledge. We believe that with LudWin as our sales agent we will be able to reach many clients worldwide with our Trusted suite of products and secure solutions and impact the global lottery market."

LudWin Group is a new solution to the global gaming industry. Based in Paris, France, it combines under a common umbrella the efforts and expertise of several partners, each with a proven track record in their respective field. LudWin Group offers products ranging from POS terminals and transaction processing system to drawing equipment. LudWin Group also provides strategic marketing consultancy and innovative games concepts under licences. It's broad portfolio of products & services, its know-how of lottery, betting & racing industries and a different philosophy offer customers a diverse approach and a unique angle.
